PROFILE

I'm more than a designer—I'm your creative partner. With 25+ years in design, including 15 in pharmaceutical advertising, I create visuals that inform, inspire, and drive results. I design with accessibility in mind, distilling complex information into digestible, impactful visuals through infographics, dynamic animation, typography, and persuasive imagery. Known for working efficiently in fast-paced environments, I deliver polished work with minimal back and forth. Expert in PowerPoint, Keynote, Illustrator, Photoshop, and InDesign, I help brands communicate with clarity, precision, and purpose.
